

Distribution Trumps Destination

And we don't mean Donald Trump.

To us 'Distribution Trumps Destination' means advertising your listings in as many places as possible for the most effective results! You don't know where your potential customers are searching, or who they might be, so 'Be Everywhere' that consumers are looking!

This will ensure that you get maximum exposure with minimum effort by only entering your listing data once – at your MLS!

Check out the Syndication **Exposure Engine™** from Point2 Agent to see where your listings will be advertised.

Learn more about the syndication service that <MLS NAME> and Point2 Agent will be providing in the near future on our website here.
