

Your Listings on Google, Trulia, Yahoo! Real Estate...

As you may have heard, <MLS NAME> is partnering with Point2 Agent to bring you listing syndication very soon. With this partnership, you will have the ability to showcase your listings at over 35 syndication partner websites!

Are you curious to see how your listings will look on these sites when the rollout takes place? Wait no more – click [here](#) to see examples of actual listings on our syndication partner websites.

You will see that while the listings may look different from one website to another, the integrity and quality of the listing data sent to these partners is top notch.

To learn more about our upcoming rollout with Point2, listing syndication, and much more visit our website [here](#).
